JACKSONVILLE, ILLINOIS, SUNDAY MORNING, APRIL 3, 1904

STATEMENT BY GEN. PAYNE

MADE TO INVESTIGATING COMMITTEE

Postmaster General Says Names of Congressmen Were Not Mentioned in First Report Made to Committee.

Washington, April 2.—At the request of Postmaster General Payne, Representative McCall, Ill., Richardson and Bartlett went to the Arlington hotel this morning and discussed with the postmaster general at his bedside the special report involving members of congress in the matter of clerk hire and leases at third and fourth class postoffices. Payne has prepared a statement which he wished to go into the record of the committee and which after final revision will be made public. A vital point in the statement is that Payne was most positive in his protest that the names of members should not be sent to the house committee on postoffices and postroads. The report was first submitted to the committee with out names and the second report with names was sent to the capitol upon a telephone order from the house committee on postoffices and postroads.

The statement made by Postmaster General Payne to day to the McCall committee makes public the correspondence between Payne and Chairman Overstreet of the house committee on postoffices and postroads concerning the matter of clerk hire allowances to third and fourth class postoffices. It also covers the matter of the latter congressman in the recent report which caused such a sensation and which the McCall committee is investigating. The most important point in the postmaster general's statement is that he was most positive in his protest that names of senators and representatives should not be sent to the house postoffice and postroads committee. This report, he shows, was first sent to that committee with these names omitted. Upon a telephone order which, to the best of his recollection, though he was not positive, came from the committee, a second report containing the names was sent in.

The postmaster general says that the committee was in great haste for the information requested and that "in order to expedite matters," he says, "I made an appointment with the chairman of the committee to lay before him on Sunday, Jan. 31, a copy of so much of the information as was ready on that date, the chairman calling at my residence for that purpose about noon of the day mentioned."

Continuing, Payne says: "About 10 per cent of the matter desired had then been prepared and we went over it carefully. The chairman expressed himself as entirely satisfied with its form and substance. This list I personally returned to the department the next morning, and it is proper for me to say in this connection that I did not, nor did any one else to my knowledge, submit these lists nor any other matter called for and now being inquired into by your committee to any person outside the department except to Overstreet on the occasion mentioned. The complete list, as called for by the committee, was transmitted under date of Feb. 5, together with a letter to the chairman."

"Under date of Feb. 16 and March 2 certain additional information regarding leases of premises for postoffices and allowances for rent, fuel and light was transmitted to the committee."

"The testimony in the case will disclose the fact that the department was being urged to furnish this information at the earliest possible moment and an extra force of men were employed who worked nights and Sunday in its preparation. The information was compiled by the most expert and efficient men in the department cognizant with the various subjects referred to."

SENATE.
Warren occupied the greater part of the senate's time to day with a speech attacking the Gibson bill to repeal most of the existing land laws. He contended the land laws were beneficial and in the main honestly administered and urged that there was no demand for repeal.

Mallory concluded his speech on the old age disability pension order of the secretary of the interior.

The postoffice appropriation bill was completely sidetracked for the day.

HOUSE.

Three hundred and nineteen pension bills passed the house to day in two hours. Another hour was devoted to rapid fire legislation by unanimous consent, in which a large number of bridge bills and other matters of minor importance were disposed of. At the expiration of this time Maddox (Ga.), who had threatened to stop proceedings by the point of "no quorum" when pension legislation was finished, insisted on the point, and, as there were few members present, the house adjourned.

CAPITAL NOTES.

The German ambassador, Baron Sternberg, called on Secretary Taft to day to present the application of certain German merchants, owners of the German vessel Saturnus, which was seized by insurgents at San Fernando during the Philippine

INSURRECTION AND LOOTING OF \$125,000 MEXICAN MONEY, AMERICAN TROOPS CAPTURED THE TOWN AFTERWARD AND RECOVERED \$100,000, WHICH WAS TURNED OVER TO THE CAPTURED AND ABANDONED PROPERTY DIVISION OF THE TREASURY DEPARTMENT. GERMAN MERCHANTS THINK THIS A PART OF THEIR MONEY. SECRETARY TAFT HAS CALLED ON THE PHILIPPINE COMMISSION FOR A REPORT OF THE FACTS.

Postmaster General Payne to day transmitted to the house a number of petitions from railway mail clerks giving their preference on the matter of a retirement plan. Two schemes are favored. The first, appointment as third or fourth class postmasters on retirement from the railway service; second, retirement on a pension to be provided by an assessment on railway mail clerks.

Postmaster General Payne to day decided to leave here by the middle of next week on a trip for his health of indefinite length. Mr. Payne is able to sit up a little every day, but walks about his room with great difficulty and pain, owing to gout.

TO A HIGHER COURT

Bryan Files Notice of Appeal in the Bennett Will Case.

New Haven, Conn., April 2.—Notice of appeal to the supreme court from the verdict of the superior court was filed to day by counsel for William J. Bryan in the Bennett will case. The appeal is from the finding which excluded as part of the will the sealed letter by which Bennett expressed the wish that Mrs. Bennett should turn over \$5000 from his estate to Bryan.

Henry G. Newton, of Bryan's counsel, said to night that the appeal would be prosecuted to the last court. "It is not a matter of personal interest," said Newton. "Bryan considers it his duty to carry out the wishes of Bennett. He has no thought of profiting by the will himself."

INDICTED FOR LIBEL

Atlanta, Ga., April 2.—Two indictments for libel against the American Field of Chicago were returned by the grand jury of Shelby county, Tennessee. The complaint was based on statements made in the American Field, affecting persons connected with the Field club trials at Grand Junction, Tenn., last January. A requisition has been issued for the editor of the American Field.

CATTLE LOSSES.

Minot, N. D., April 2.—Heavy cattle losses have resulted on the prairies from the recent blizzard. Several owners report the loss of entire herds. Hundreds of cattle are dying from starvation.

NOMINATE SMITH.

Caldo, April 2.—Republican primaries of the twenty-fifth Illinois congressional district to day resulted in George W. Smith's unanimous nomination. Carroll Moore, of Franklin county, was nominated for member of the board of education. Delegates to the Chicago convention will favor the nomination of Roosevelt.

FENCING CONTESTS.

New York, April 2.—International fencing championship honors were won for the third time in succession by representatives of the United States Military academy at West Point at the New York Athletic club gymnasium to night. The individual championship honor also went to West Point, F. E. Honeycutt winning with a clear score of eighteen victories.

BACK IN BLOOMINGTON.

Bloomington, April 2.—Mrs. Annie Colton Works, arrested at Helena, Mont., ten days ago, charged with the murder of her husband, Michael Colton, in this city seven years ago, arrived here to day in charge of an officer sent after her. She maintains her innocence.

COLORADO REPUBLICANS.

Denver, April 2.—The Colorado Republican state convention for selection of national delegates will be held here May 6. Resolutions endorse Roosevelt for president and John W. Springer, of Denver, for vice president.

KILLED BY TRAIN.

Boise, Idaho, April 2.—Charles Jacks, aged 35, of Jackson county, Wisconsin, was killed while trying to board a moving train.

NEWS TO WHEELER.

Berkeley, Cal., April 2.—Regarding the report that the regents of the University of Illinois are considering Benjamin Ide Wheeler, president of the University of California, as successor to President Draper, Wheeler said to day that he had not heard a word of the contemplated action.

KILLED IN COLLISION.

Reading, Pa., April 2.—Two persons were killed and a dozen others injured in a collision between an express train and a freight on the Pennsylvania railroad near Pittstown to night.

BACKED BY FARMERS.

Springfield, Ohio, April 2.—The Farmers' Cooperative Harvesting Machinery and Implement company of North America is to be incorporated next week at Columbus with a capital of \$500,000. Shares are to be built here and employment given 2000 or 3000 men. The company, it is said, has the backing of the National Grange.

THE SLAUGHTER OF TIBETANS

CAUSES FEELING OF DE- PRESSION IN LONDON

Wholesale Bloodshed Hardly Thought Necessary and May Lead to Complications With Russia.

London, April 2.—The slaughter of Tibetans entirely kills such warring interest as still exists here in the Japanese-Russian struggle. News of wholesale bloodshed excites as a general rule a feeling of depression, first because the average Englishman scarcely sees that it was necessary, and secondly, because there is general apprehension that it may lead to complications with Russia.

Extreme Liberal papers seized on the slaughter at Gura as one of the worst blots on the history of England. The News declares no more "warfare or discreditable business has been brewed by camp re-concils in India since the time of Lord Lytton."

Other papers of the same political view describe Yonghusband's mission as another Jameson raid. The defenders of Yonghusband's action quote Lansdowne's statement in 1893 that all Great Britain desires is a new convention with the Tibetans and with China as the suzerain power of Tibet. The opposition, however, points out that China has repeatedly protested against the strength of the escort with which the "political mission" is accompanied and declares that as a matter of fact Great Britain is now at war not with Tibet, but with China, thereby endangering China's neutrality toward Russia and Japan and risking the peace of the world. This extreme view is ridiculed in official circles.

It is not regarded as likely that serious international complications will follow this affair, but China's action in the matter will be rather anxiously awaited. The Russian minister at Peking is not expected to let the incident pass without drawing some comparisons that will scarcely be favorable to the British policy toward the Chinese government.

ATTRACTS ATTENTION.

Paris, April 2.—The British advance in Tibet is attracting widespread attention here, the general view being that it is due mainly to Russia's preoccupation in the far east. Officials are inclined to share this opinion. An ambassador said to day: "It is manifest that Russia's hands being tied gives Great Britain an opportunity to advance in Tibet. As part of the same diplomacy Great Britain is re-establishing friendly relations with France, thus neutralizing any French opposition to the Tibetan program."

THE HAGUE TRIBUNAL

Decision in Venezuelan Case Has Created an Unfavorable Impression.

Paris, April 2.—An American diplomat stationed at one of the leading capitals of northern Europe, but now sojourning here, says the decision of The Hague tribunal in the Venezuelan case created a most unfavorable impression at The Hague, where it was generally believed that it would have the effect of discouraging recourse to arbitration. He said: "The United States had taken the lead in upholding the court by sending the Mexican and Venezuelan case to be decided at The Hague. Officials there now recognize that they have lost their best friend by the decision against the United States. Moreover the best international writers recognize the manifest absurdity of a peace tribunal deciding that nations first going to war shall have preference over those maintaining peace. Furthermore it is the belief among officials that the decision will have the effect of ending negotiations for arbitration treaties between the United States and Great Britain, France and other countries, because such a decision from an arbitration court injures the entire principles of arbitration."

AMERICAN WARSHIPS.

Washington, April 2.—The navy department is informed of the arrival at Panama yesterday of the New York, Huntington, Boston and Concord of the Pacific squadron after a cruise as far south as Callao. One or more of these vessels will remain on the west coast of the isthmus and the remainder of the squadron will start north for San Francisco in a few days.

BANK STATEMENT.

New York, April 2.—Loans, increased \$1,435,400; deposits, increased \$20,700,900; reserve, increased \$5,101,400; surplus, increased \$26,175.

COAL MINERS STRUCK.

Springfield, April 2.—The coal miners at the Stanton and Mount Olive mines, a thousand or more, struck to day. Officials of the union here say the strike was the result of a misunderstanding on the part of the mine owners and that there would be a general strike on the part of the coal miners if the union were not satisfied with the settlement.

YATES VICTORIES

Franklin and Jo Davies Coun- ties Carried for the Governor

Governor Yates added to his list of victories Saturday the counties of Franklin, with five delegates, and Jo Davies, nine delegates. The latter county was in Lowden's congressional district and the victory gained there is significant.

The primaries were closely contested and in Franklin county the fight was between Yates and Hamilton. The former carried ten of the twelve precincts. There will be several contesting delegations to the county convention Monday, but eliminating those from calculations, the Yates forces still have a clear majority and will name the state delegates.

In Jo Davies county, out of twenty-three precincts, Yates has carried seventeen, giving him seventy-five delegates to twenty-eight for Lowden. There are six precincts to hear from, but seventy votes are enough to control the convention to be held Thursday.

FLOOD SITUATION

Vincennes, Ind., April 2.—The first word from Russellville, Ill., for three days was received when two men arrived in a boat after a desperate fight with the current. They said that during the entire nine miles trip from Russellville they found but one house that was not under water. The town of Russellville is all under water. People have no provisions except what is plentiful. Men are trying to construct a boat to take a load of provisions to Russellville.

Indianapolis, April 2.—Floods are receding to day in every part of Indiana and there is general belief every hour will now bring slowly improving conditions. In the lower Wabash river districts there is still some fear the second flood of Thursday night may bring an additional rise. East Marion is practically in ruins from two floods, but will be rebuilt.

BROKE ALL RECORDS.

Cincinnati, April 2.—Floods in northwest and central Ohio this morning broke all previous records, but special dispatches this afternoon indicate the waters are receding, especially along the Miami valley. Damage from Monday south through Troy, Lima and other points as far as Hamilton is estimated at \$2,000,000. Other points suffering most are Lima, Mansfield, Ottawa, Dunkirk, Rossville, Wapakoneta, Ashland, Delaware and Canton; upon the upper Sandusky, Delphos, Alto, Bucyrus and Mount Blanchard. Four lives have been lost and twenty towns are without natural gas. Several cities are without power for waterworks, electric light, gas or trolley cars, while Celina, St. Marys and other towns in Mercer and Auglaize counties have suffered great damages. At Columbus the Scioto river is very high. Nearly all factories along the river are flooded and the west side of the city is threatened with the worst flood in years.

RIVERS FALLING.

Evansville, Ind., April 2.—All rivers of southern Indiana are falling to night. C. L. Little, a farmer of Illinois opposite Vincennes, had 5,000 bushels of corn washed away to day and similar losses are reported along the river.

It is estimated there are 10,000 homeless people along the White and Wabash rivers to night.

AGREED ON SCALE.

Springfield, April 2.—The joint scale committee late to night agreed upon the scale and will report it to the joint convention. The principal contest to night was over the day scale. The Indianapolis scale (55 cents) was finally adopted. The operators gained their point on every question brought up, with the exception of the Salsine county rate, which was left to a special committee, and the Franklin county rate, where the operators withdrew from the coal operators' association.

"AN ACT OF GOD."

East St. Louis, Ill., April 2.—A verdict was rendered by a jury in the city court to day that the Mississippi river flood of last May was "an act of God" and that James Burdick, government inspector at the stock yards, could not recover \$32 damages from the Illinois Central railroad because his household goods were delayed in transit from Hammond, Ind.

DIFFERENCES ADJUSTED.

Chicago, April 2.—The American Can company announced to day all differences between the company and its 2,000 employees have been amicably adjusted. The company's four plants will resume operations Monday.

IOWA MINERS.

Des Moines, April 2.—Iowa miners are actively organizing a cooperative coal company, with a capital stock of \$200,000 and will open coal yards at Des Moines and elsewhere. The idea is to reduce the cost of coal and to give the miners a better return to work Monday, it is said.

WILL VOTE ON QUESTION.

Brazil, Ind., April 2.—At a meeting at the office of the Coal Hoisting Engineers' association and leaders of block coal miners to night it was decided the question as to whether the engineers shall join the United Mine Workers will be submitted to a vote of the engineers' local union Wednesday. President Mack Taylor and Secretary Jenkins of the engineers' association were here from Danville, Ill., to night and attended the meeting.

Officials of the union here say the strike was the result of a misunderstanding on the part of the mine owners and that there would be a general strike on the part of the coal miners if the union were not satisfied with the settlement.

WHY CAPTAIN OF VICKS- BURG HELD ALOOF

Captain of Russian Warship Makes Statement Regarding Incident at Chemulpo—Re- ports From the War.

Odessa, April 2.—Before proceeding for Sebastopol with survivors of the wrecked Russian war vessels Varieg and Korotiz Captain Stepanoff made a statement to the Associated Press regarding the United States gunboat Vicksburg incident at Chemulpo. He said:

"While the Vicksburg was stationed at Chemulpo her captain held aloof. He took no part in the conference of protest preceding the fight, for the simple reason he was not invited to do so. After the fight, like the others, he sent a surgeon with a boat to the rescue. As regards his not taking Russian seamen aboard the Vicksburg, this was unnecessary, and it is more probable that Captain Rudneff was commanding the Varieg did not ask it."

The celebration here in honor of the survivors from the Varieg and Korotiz was confined to day with banners to officers and seamen of the ships. At the conclusion of the banquet the guests were escorted by bands and cheering multitudes aboard the steamer Nicholas, which called this afternoon for Sebastopol.

PERMIT SMALL VICTORIES.

Paris, April 2.—A military attaché of one of the embassies says it is clearly a part of General Kuropatkin's strategy to permit the Japanese to have a number of small victories in northern Korea, so as to draw them northward toward Harbin. He adds:

"These were Russian tactics during the Turkish war, they permitting the Turks to win small skirmishes which drew them forward until the Russians were massed at Plevna. Several victories in northern Korea will so stimulate the Japanese ambition that they will adopt the cry of 'on to Harbin,' which is exactly the point to which Kuropatkin seeks to lure them."

WANT REPORTS.

Tokio, April 2.—The navy department has no information concerning the reported Japanese attack on Port Arthur March 31. Officials doubt that a general attack occurred.

Second, April 2.—It is reported here 2000 Russian troops, including Cossacks and infantrymen, are entrenched about the gate on the south side of Wiju. According to a statement made by Cossack Russians are utilizing trained dogs to act as messengers and order bearers.

ST. PETERSBURG.

St. Petersburg, April 2.—Gibbs, a Scotch engineer who repaired the Russian warships at Port Arthur, has arrived here. He left Port Arthur under pledge not to reveal anything about his experiences there and therefore declines to talk. A letter received here from Vladivostok contains some harrowing details of the bombardment. A shell entered a laborer's house and literally tore a woman in halves.

CORBETT THE VICTOR

Gets Decision Over Mowatt in Sixth Round in Fight in Chicago.

Chicago, April 2.—Young Corbett was given the decision over Tommy Mowatt after six rounds of fast fighting to night. Determined to win by a knockout, Corbett started after Mowatt as soon as they slugged up for the first round and endeavored in every possible way to bring the contest to a speedy end. Mowatt appeared flustered at first and Corbett had things all his own way during the first three minutes, but from that time on the Chicago man stood his ground and swapped punches with the former champion. Corbett had the better of every round except the third. In that period Mowatt reached Corbett's jaw with numerous left and right uppercuts and the Denverite wore a serious look as he went to his corner. During the next three rounds, however, Corbett steadily gained the upper hand and undoubtedly would have finished his opponent had the contest been much longer.

THE BATTLE BY ROUNDS.

Round 1. They slugged. Mowatt tried right, but missed. Corbett led left to stomach. He repeated with right and swung right to Mowatt's ear. Mowatt tried with left, but missed and clinched. On the breakaway Corbett reached Mowatt's face with left and swung right to his body. Mowatt tried a left jab, but missed and clinched. Corbett sent two lefts to Mowatt's face without a return. Corbett led with left and rushed Mowatt to the ropes and landed a series of blows to Mowatt's body.

Round 2. Corbett landed left to Mowatt's jaw. Mowatt came back with right and left to the champion's face. In a mixup both landed glancing blows to the head. Corbett swung right to Mowatt's jaw, then crossed left to same place and Mowatt slipped to the floor. When he got up they clinched and Mowatt upended Corbett. Corbett swung his right and went to a clinch. Mowatt reached Corbett's head with both right and left. Corbett played for the body and sent two right punches to Mowatt's stomach. Mowatt retaliated with right and left to Corbett's jaw.

Round 3. Corbett tried with left, but missed. Then he came back with left to face and right to body. Mowatt missed three times in succession and Corbett brought his right to Mowatt's stomach. In a clinch that followed Mowatt landed a right swing to Corbett's face. Mowatt sent a left to Corbett's nose, bringing blood. Corbett smashed Mowatt with both hands on the nose, bringing the blood. In an exchange both landed repeatedly on each other. Near the end of the round Corbett sent his right to Mowatt's stomach and Mowatt came back with his right to Corbett's jaw.

Round 4. Mowatt landed left to face. Corbett bore it and swung his left to Mowatt's head. On the break Mowatt landed a right swing on Corbett's head. Corbett rushed and sent his right to Mowatt's stomach. In a fierce mixup Mowatt upended Corbett twice, bringing the blood from Corbett's nose. Corbett in the meantime played havoc with Mowatt's stomach with short arm punches. Mowatt tried with left and Corbett smashed him on the nose with a right swing, bringing the blood in a stream.

Round 5. Mowatt jabbed left to Corbett's face and the latter countered with right to the body. They clinched and both fought fiercely. Mowatt upended Corbett several times. On the break Corbett sent his left to Mowatt's face and right to body. They clinched and Corbett sent his right to Mowatt's jaw. Corbett sent his right to Mowatt's jaw and the latter staggered against the ropes. Mowatt was weak at the end of the round.

Round 6. Both landed lefts and then Corbett brought his right to Mowatt's jaw. Corbett then played for the stomach and landed several blows without a return. Mowatt tried for an upend and Corbett swung a right to his body and left to the jaw which staggered Mowatt. Mowatt tried with left and missed. Corbett countered with right and jabbed left to Mowatt's face. Corbett sent another right to Mowatt's stomach and they went to a clinch. In the mixup that followed Corbett landed right and left on Mowatt's head.

DEATHS.

Rock Island, April 2.—Dr. Charles C. Carter, assistant surgeon general of the Illinois national guard, is dead, aged 52.

Bangor, Me., April 2.—Former Chief Justice John A. Peters of the supreme court is dead, aged 81. At the time of retirement, Jan. 1, 1900, he had served twenty-eight years on the supreme bench. He was a member of congress from 1866 to 1872.

Bay City, Mich., April 2.—Mrs. Martha E. Snyder, one of the founders of the Michigan Federation of Women's Clubs and a well known writer on political topics and economics, is dead, aged 65.

FOUND DEAD IN OFFICE.

Troy, N. Y., April 2.—Nicholas Dobson, traveling agent of the Troy, N. Y., railroad, was found dead in his office at the hotel where he was staying to day. He had been reported to have been killed by a train passing from Albany to Troy.

NEGRO ARRESTED AT CINCINNATI.

Chicago, April 2.—The first trace of Mrs. John C. Burns since her disappearance from a Chicago hotel two years ago was found to day when James Taylor, a negro, was arrested at Cincinnati. He had in his possession Mrs. Burns' daughter of the American Revolution pin, engraved with her name, as well as several articles of jewelry which bore her initials.

About two years ago Mrs. Burns announced she was going away on a short visit. Her husband was believed to be in Europe. Taking several trunks, but leaving many of her belongings in her room, Mrs. Burns left the hotel. From that day to this no word has been received from her or her husband. Mrs. Burns was prominent as a member of the Daughters of the Revolution.

REMAINED IN JAIL.

Man Accused of Murder Refused to Leave Cell Though Door Was Left Wide Open.

Des Moines, April 2.—Although accused of murder in the first degree, awaiting trial with an array of evidence against him that seems impregnable, Charles W. Graves, under indictment charged with murdering his wife and burning her body, refused to leave his cell to day and escape with his fellows. Graves was walking up and down the narrow cell with the door wide open when the turnkey discovered the delivery, L. M. King and "Sam" Andrews, who broke open the doors and made their escape, are being chased by bloodhounds.

CHANGE DATE.

Springfield, April 2.—At the request of Governor Yates, who desires to be present and make an address, the turning over of monuments to the federal government the Illinois Shiloh battlefield commission has changed the date of dedication of the monuments to Illinois troops from April 12 to May 15.

PETITION OF HARRIMAN.

St. Paul, April 2.—E. H. Harriman as trustee for the Oregon Short Line filed a petition in the federal court to day asking to be allowed to intervene in the case of the United States against the Northern Securities company with the object of compelling the latter to turn over to him the Northern Pacific railway stock originally exchanged for Northern Securities company stock.

The purpose of intervention is to have the decree of the court modified and to have the court direct the Northern Securities company to deliver in exchange for its shares of stock of Northern Pacific that it acquired and prevent rateable distribution of the Great Northern and Northern Pacific stock among shareholders as was planned by the directors of the Northern Securities company.

The Harriman interests prior to the formation of the securities company held the controlling interest in the Northern Pacific, the struggle for which culminated in the memorable 30th of May panic on the New York stock exchange.

Mr. A. J. Ward has sold his residence property on South Prairie street to Mr. Hurd, of Winchester, and has purchased the residence until recently occupied by J. O. Priest and family. Mr. and Mrs. Ward expect to remove to their new home soon.

Sorosis will meet Friday afternoon Mrs. L. A. McDonald on West State street.

Washing Blankets.
To wash blankets prepare suds in which you can comfortably bear your hand, allowing a heaped tablespoonful of soap jelly and a teaspoonful of liquid ammonia to each gallon of water.
Let the blankets soak in this for half an hour, giving them an occasional stir around.
Then prepare another suds in exactly the same way. Wash the blankets quickly through both. Wring and rinse in clear water to which a little ammonia has been added to soften it.
Of course, if you can get rain water, no ammonia will be needed.

THE BLACK FLAG

Splendid Home Talent Play to Be Presented in This City April 15.

During the past week black flags have been hung about the city and cards bearing black flags have been displayed in the windows of business houses. No satisfactory explanation was given on the cards or flags as to what the black flags signified and everybody has been asking each other the question, "What do these black flags mean?" or "What is the black flag?"

In order that the curiosity of the public may be satisfied, the Journal is authorized to state that "The Black Flag" is the title of a home talent play, which will be produced at the opera house in this city Friday evening, April 15. About forty of Jacksonville's best amateur theatrical people will take part and will be drilled in their work by Mrs. Harriet French Sherman, of Cleveland, Ohio, who is thoroughly qualified in her work, and it is needless to say the affair will be a grand success. At the carnival to be held in Armory hall this week there will be a booth at which seats for "The Black Flag" may be reserved by those who desire them.

The following will appear in the cast: Myrtle Louise Wood, E. H. Wylder, Frank Schermerhorn, William G. Goebel, Earl Wylder, Wilbur Allen, L. P. Owen, Louise Huftaker, Harriet French Sherman, Frank Huftaker, Allen Widenham, Earl W. Vickery, Harry E. Briggs, W. R. James, farm hands, peasants, convicts, guards, etc.

The Irish village represented by pretty girls. Come and kiss the Blarney stone at the Carnival.

BEST COUGH MEDICINE FOR CHILDREN.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by all leading druggists.

SIGNS OF DISEASE.

The First Signs of Disease are Weakness, Emaciation and Lack of Vitality.

The first sign of returning health is increase of flesh, strength and vigor. This weakness, emaciation and lack of vitality simply means that certain substances, which go to make up the blood and nerves, have become exhausted; and to renew flesh, muscle and strength, these substances must be restored. Dr. Chase's Blood and Nerve Food is composed of the same kind of substances that are lacking in the impoverished blood and nerves when in poor health, and abundant in the rich juices that flow through the system when in perfect health. If people would take this food occasionally when in health to keep their blood and nerves in good condition, many spells of sickness and wasting disease would be prevented, and there would be little left for doctors to do. It makes sick people well, puts solid flesh and muscle on thin people, gives strength to weak people, restores the lost vitality to nervous people, imparts the tint of health to pale and sallow people. It adds years to life and puts life into years. Price 50 cents, five boxes \$2.00. The Dr. Chase Co., Philadelphia, Pa. Our new book is free.

AIR TANK EXPLODED.

Meadville, Pa., April 2.—An air tank in the Erie railroad machine shops exploded today, killing a gang foreman and injuring six others, some fatally. The building was badly wrecked.

GOING INTO BUSINESS.

Thomas H. Wright, for several years a member of the Courier staff, and for a few months past reporter for the Journal, has decided to go into business for himself, and has purchased the cigar box business of Alderman Haller Higgins and expects to take possession Monday. He will endeavor to hold all Mr. Higgins' trade and increase it as fast as possible. Mr. Wright leaves his present position with the best of mutual feeling on the part of himself and the Journal management. His association with the paper has been most pleasant and he will have its best wishes for his success in business. His place on the Journal force will be taken jointly by Alfred Fell and Harold Brook, and the Journal asks for these young gentlemen the same kind treatment that has been awarded their predecessor.

REPUBLICAN WOMEN.

The women of the Morgan county Woman's Republican club met at 2 o'clock Saturday afternoon in the parlors of the Dunlap house, in response to the call of their chairman, Mrs. John C. O'Neal.

Mrs. A. L. Adams was elected chairman for the next two years and Mrs. A. J. Lovejoy, recording secretary.

The members present, after a spirited discussion, unanimously and enthusiastically endorsed the action of their state central committee in Chicago, on March 10, at the Grand Pacific hotel, to endorse Mrs. Elmira Springer as their candidate for the nomination for trustee of the University of Illinois, at the Woman's Republican convention to be held in Springfield, at 10 o'clock, May 11.

CARD OF THANKS.

We wish to express our sincere appreciation of the kindnesses shown and sympathy given during the illness and after the death of our daughter.

E. P. Jones and Family.

PUT UP A GOOD SHOW.

The Daily Advertiser, Tiffin, Ohio, says of the Gus Sun American Minstrels: "The Gus Sun Minstrels appeared at the opera house Saturday evening to a large and enthusiastic audience, and presented one of the best attractions seen here for a number of years. The beautiful scenery and costumes are certainly worthy of especial mention. Many new songs were introduced and all were well received. Messrs. Fred Russell, Eddie Moran, John Goss, Commers & Montrose were a whole show in themselves. Should the company return here they will be assured of a royal reception." The above company will appear at the Grand, Wednesday, April 6.

A CHATTANOOGA DRUGGIST'S STATEMENT.

Robert J. Miller, proprietor of the Road House Drug store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than my other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." J. A. Obermeyer, City drug store.

Why Fremont Unfermented Grape Juice is Nutritious

Because it's Good, Pure and Unfermented.

FREMONT GRAPE JUICE is not the thing to drink if you must become intoxicated. Thousands of physicians prescribe it in their practice regularly because they have found the FREMONT brand of Grape Juice to be absolutely the life of the grape and nothing else. Alcoholic juices and beverages are temporary stimulants at best, while with FREMONT GRAPE JUICE the good effects are permanent and lasting.

For Sacramental uses, Fremont Grape Juice is certainly the safest, purest and best that can be procured for this purpose.

A FAMOUS TENOR.

Wilhelm Heinrich was a pupil in the Institution for the Blind in this city and graduated in 1883 with the highest honors of the class, although the youngest member.

The following autumn he went to Boston to pursue his musical studies and has ever since made it his home, except during his trips abroad. He has a well-established reputation there and has been very successful as a teacher and voice trainer, and also as a concert singer.

His first season abroad was spent with Herr Stockhausen, the famous teacher of Jenny Lind, Christina Nilsson and other noted singers. He has since studied with some of the greatest teachers in London, Paris and Italy.

Mr. Heinrich has a class in New York and during Lent has been giving a series of historical recitals at the Waldorf-Astoria. He is a tenor singer in the choir of Dr. Edward Everett Hale's church in Boston.

April 18th the Wednesday Musical club will afford an opportunity to hear this finished artist. He is in the prime of life, still on the sunny side of forty, with a fine physique and attractive stage presence. In addition to his superb voice, his general culture, genial manners and strong, yet refined personality render him a distinct addition to any social circle.

Uncle is coming to town.

REV. MR. EWERT HLE.

Rev. A. L. T. Ewert, pastor of Centenary church, is reported as being seriously ill at his home on East State street. His physician has advised him to go to Colorado as soon as possible, believing that a change of climate will help him greatly.

Are you going to the joint debate between the J. H. S. and Springfield High School?

SCIATIC RHEUMATISM CURED.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all leading druggists.

INDOOR CARNIVAL.

Don't fail to attend the carnival at Armory hall Thursday, Friday and Saturday, April 7, 8 and 9, commencing at 5 o'clock on Thursday and Friday and on Saturday commencing at 1 o'clock p. m., and continuing all afternoon and evening of each day. We will take you to Japan for tea; China for chop suey; Italy for spaghetti and macaroni; Mexico for chili con carne; New England for a good supper; America for protection, and Spain for music and dancing. "Theater of all nations," prize drills, songs, dances and pickaminy cake walk. A little gypsy will tell your fortune, and an oriental palmist will read your life. There will be confetti, cry babies, squawkers, balloons and return balls—all for fun—and for all there will be popcorn, peanuts, chewing gum, ice cream and lemonade. Don't forget the time and place. Admission, 25c; children, 10c.

FREE EMBROIDERY LESSONS.

Mrs. V. A. Jung, the expert embroidery artist, representing Belding Bros. & Co., will take pleasure in giving lessons free of charge, at our store, beginning Monday, April 4th, and continuing during the week. We invite all who are interested to take advantage of this offer. HOFFMAN BROS.

LIVE WIRE.
About noon Saturday one of the large feed wires to the street car trolley wire fell on the roof of the porch at the entrance to Armory hall and the roof soon began to smoke. A still alarm was sent in to the fire department and Sam Hunt climbed the roof and removed the wire before any damage had been done. It was a broken wire and was soon afterward repaired.

EPWORTH LEAGUE.

At Centenary this evening, 6:30, a

meeting of special interest will be held. The topic is "Our Victories through Christ." Dr. H. L. Griswold, president of the league, will lead the service and promises a live meeting. There will be good singing and good speaking appropriate to Easter. Come and bring your friends.

"IDEAL"

Coal is Reliable

You can depend on "Ideal" coal every hour in the day—every day in the year. "Ideal" coal makes a fire that is a fire—hot, but easily regulated. "Ideal" coal suits the cook—suits the whole household. And not only in cooking does "Ideal" coal excel. It keeps the home comfortable. It laughs at zero temperature. It defies blizzard weather. "Ideal" coal is the most reliable, most satisfying coal that ever was mined. And it's economical. A ton of our "Ideal" coal contains more heat—more value—than a ton and a half of common soft coal. We guarantee it. We know what it is; what it does.

Try it. \$3.25 per ton, cash.

JUSTICE COURTS.

In Justice Henderson's court yesterday, Mrs. Annie Swar was arraigned, charged with violation of the compulsory education law in refusing or neglecting to send her 13-year-old son, Addison, to school. The case was brought by the people of the state of Illinois for the use of the board of education, etc., and H. M. Tiekner appeared for the board, W. A. Crawley for Mrs. Swar and T. F. Smith for the people. After listening to the evidence Justice Henderson discharged Mrs. Swar upon her solemn promise to do her best to get the boy to attend school.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis so bad at times that I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorency, Ind. "I tried all remedies available but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have tried Foley's Honey and Tar, and always with satisfaction." City Drug Store.

BEST SPRING MEDICINE

Our Leading Druggist L. P. Allcott Out of His Vast Stock and Extensive Knowledge of Medicines Recommends Vinol as the Best.

"At this season of the year," said Mr. Lee P. Allcott, the other evening, "there isn't a man, woman or child in Jacksonville who does not need a medicine to purify and enrich the blood, to induce an appetite, to promote digestion and create strength and we are safe in saying we have never sold anything in our store equal to Vinol for this purpose."

This new way of administering the vital principles of cod liver oil has wrought a wonderful change in the field of medicine. There is no need to take greasy oil, emulsions or poisonous drugs to purify and enrich the blood and create health and strength, for we guarantee that pure, simple and delicious preparation, Vinol, will do it, or your money will be returned.

Mrs. Rose Lavigne, of Burlington, Vt., writes: "Vinol is the best spring medicine I have ever used; it creates an appetite, purifies the blood and takes away all feeling of lassitude. My work, which seemed a burden before taking Vinol, is now a pleasure."

Mr. W. J. Stewart, of Chelsea, Mass., writes: "I was all run down and in a devitalized condition; Vinol quickly built me up and brought back health and strength."

Mr. J. B. Keener, of Augusta, Ga., writes: "When one gets all run down, loses appetite and feels listless, worn out and nervous, I have found nothing so good as Vinol to restore strength and health."

Said Mr. Allcott: "I could go on quoting from hundreds of such letters, and I wish I could persuade every person in Jacksonville to try Vinol this spring on our guarantee to return money if they are not benefited." Lee P. Allcott, Druggist.

Human Dandruff Germs Denude A Rabbit!

Convincing experiment by Dr. Sabraud of the Pasteur Institute

This experiment proves that dandruff is a contagious disease due to the presence of a microbe growth in the sebaceous glands of the scalp. It also proves that unless the formation of dandruff is stopped by destroying the germs it will lead to falling hair and incurable baldness. Professor Chama, Europe's noted dermatologist, took your doctor about him, was the first to discover the microbe nature of dandruff and baldness. His discovery was later verified by Dr. Sabraud, at the Pasteur Institute, Paris, France. The doctor inoculated a rabbit with human dandruff germs and in due time the rabbit began to lose its fur. "In between five and six weeks," says the official report of the Pasteur Institute, "the rabbit was completely denuded, in fact it had become entirely bald."

Dandruff is Annoying. Falling Hair is an Injury. Baldness is a Calamity.

If you are indifferent about your hair and let it "take care of itself," you should not grumble when it is gone. Careful people now try to save their hair, and Newbro's Herpicide enables them to do this in a very pleasing manner. It is the first scientific HAIR-SAYER and it is growing wonderfully in popularity. Everyone should endeavor to protect the scalp against dandruff infection and the surest way is to carefully avoid "specimens" of dandruff germs and to rely upon Newbro's Herpicide as a scalp prophylactic. One of the chief forms of "exposing the scalp" is to use an unsterilized public hair brush. The hair brush should be as exclusive as the tooth brush. It is important to remember that:

1. Dandruff is a contagious disease caused by a microbe.
2. Dandruff is a forerunner of itching scalp, falling hair and baldness.
3. Chronic baldness is incurable.
4. The CAUSE of dandruff can not be washed out of the scalp with soap and water.
5. The only way to cure dandruff and stop falling hair is to kill the germ that causes it.
6. The only safe remedy, so far discovered, that will absolutely kill the dandruff germ is Newbro's Herpicide.

Kill the scalp germs and the hair is bound to grow naturally. Almost marvelous results follow the use of Newbro's Herpicide. It contains no oil, grease, cologne or dye. It delights the scalp by keeping the hair light and fluffy and by giving it a silken gloss.

Stops Itching of the Scalp Instantly.

MORE WATER TALK

Mayor Davis Feels Hopeful That River Plan May Materialize.

A Journal representative interviewed Mayor Davis Saturday in regard to the future of our water works system. The reporter informed the mayor that a number of citizens have been complaining about the condition of our water, the same being very muddy, especially during the past heavy rains. The mayor informed the reporter that he was still of the opinion that the only remedy for our water system was to go to the Illinois river for water, and that he was very sorry indeed that the Mayhew proposition had failed to materialize. He feels the reason for this was that the city council had driven too close a bargain with Mr. Mayhew and that in his judgment, before we could ever persuade any syndicate of men to go to the Illinois river, we would be compelled to pay a larger fire hydrant rental than the one agreed upon in the Mayhew ordinance. In other words, no one will ever take hold of our water scheme until they can plainly see a fair income from their investment. The mayor said he had been working trying to interest some other parties to take up this question and he hoped in a very short time to be able to present to the city council some way by which we will be able to go to the Illinois river. The mayor's idea is to have Jacksonville citizens take hold of the matter with home capital, giving every citizen a chance to be a part of this company, and he feels if our city council would agree to pay an increased fire hydrant rental that a company could be organized here at home. If that cannot be accomplished he would still be in favor of letting any syndicate or company of men who would carry forth this work as laid out in the Mayhew franchise. The mayor has had several letters from Mr. Mayhew recently, in which the latter stated that he is about ready to finance his proposition but nothing definite has been done. The mayor expects within the next three months to see the river proposition materialize. A great many people have suggested that a filter be put in at our present plant. A first class filter would cost from \$15,000 to \$20,000, and this seems like a waste of money when in a dry season we would have no water to filter.

There seems to be one plan and one plan only at the present time, and that is the river. The mayor for that said that if the river proposition was not carried out that the Wilson-Danah proposition ought to be given a trial.

EASTER GREETINGS.

A gathering at the W. C. T. U. hall last evening was held in commemoration of the Easter greetings by the mission Sabbath school and a number of friends.

Mrs. A. P. Vasconcellos was in charge of the little folks, who heartily entered into the spirit of the evening, being prepared with recitations and songs which were full of spirit and life.

Two young ladies from Illinois college also assisted by giving some beautifully rendered vocal selections. William J. Lane, formerly superintendent, by courtesy of invitation, being present, gave a talk upon the Easter feast.

Oranges and egg candies were distributed to the school and all departed happy and merry in the spirit of the glad Eastertide.

For the latest styles and lowest prices in fancy hats ladies should go to L. C. & R. E. Henry's.

THE DEATH RECORD.

ALEXANDER.

Miss Cynthia C. Alexander, aged about 41 years, died at Our Savior's hospital Saturday afternoon at 2 o'clock, of cancer. She had been ill for the past three weeks, but her condition was not regarded as serious until a week ago, when she was removed to the hospital for treatment. There she failed to improve and rapidly failed until death ensued.

Miss Alexander was born in Jacksonville and had lived all or nearly all of her life in this city. She was a school teacher and for the past twenty years had taught at Franklin, Waverly, Woodson and other points in Morgan county, being very successful in her work and winning the high regard of her pupils, patrons and fellow teachers, and her death will be heard of with great sorrow. She is survived by three sisters, Mrs. James Boston, Mrs. Emma Fitch and Miss Anna Alexander. She was a devoted member of the Baptist church and was active and faithful in all her church duties.

The funeral will be conducted from the First Baptist church Tuesday afternoon at 2 o'clock and the services will be in charge of Rev. T. H. Marsh, the pastor. After death the body was removed to the undertaking parlors of W. W. Gilliam, on West State street, where it will remain until the hour for the funeral.

DAVENPORT.

Ira F. Davenport died March 30, 1904, at his home near Greenwood, Mo., from injuries received by being kicked by one of his horses. The accident occurred last Saturday, March 26. He did not think he was seriously injured, nor did his family, although a physician attended him daily. Blood poison set in early this week and he died on the above date.

The deceased was the fifth and youngest son of Henry and Elizabeth Davenport, pioneer settlers of Morgan county, and was born on the old homestead near where Pisgah station is now located. He removed to Missouri in the year 1868 and settled near where he was living when death came. He leaves a wife and six children to mourn his loss. He was a member of the Baptist church at Greenwood, Mo., and had lived a consistent Christian life.

The funeral took place at the Baptist church in Greenwood, April 1st, Dr. A. C. Rafferty officiating. Interment was made in the village cemetery.

COLE.

Mrs. Mattie Cole, a highly respected citizen of Jacksonville, died Saturday night at 9:10 o'clock of pneumonia at the home of J. O. Priest, a short distance north of the city. Mr. Priest moved from the city to his present home a week ago and Mrs. Cole, who was a very particular friend of the family, went out to help them arrange the house. While there she contracted a cold, which quickly developed into pneumonia, and soon carried her away.

Mrs. Cole was born in Morgan county, about one mile north of Jacksonville, and would have been 63 years of age had she lived until next June. Her maiden name was Brunk. She came to Jacksonville in 1857 and entered the home of the late David Cole, who resided at 304 West Morgan street. She resided in Mr. Cole's family from that time on and was much admired and respected by all the members. Mr. Cole's first wife died about 1886 and two years later he was married to the woman who has just passed away. Mr. Cole died in 1894 and since then Mrs. Cole had been residing alone at the old home on Morgan street, her continuous residence in the same house covering a period of forty-seven years.

Early in life Mrs. Cole united with the Methodist church and for many years had been a faithful member of Grace M. E. church, where she was a regular attendant at all meetings and took an active part in all church affairs. She was a woman who was possessed of a lovable disposition, generous heart and cheerful nature, so that she was held in the highest esteem by a host of friends who will learn of her death with profound sadness. She was ever ready and always willing to do a kindness for a friend and by her friends she will be sadly missed.

She is survived by two stepsons, C. S. Cole, of Chicago, and C. W. Cole, of Springfield; also by one sister, Mrs. W. H. Rice, of Chicago. She was a niece of Thomas Brunk, of Franklin.

The funeral will be conducted at 10 o'clock Tuesday morning and will be followed by interment in Diamond Grove cemetery.

C. W. Cole and wife, of Springfield, are here, called by her death, and a number of other relatives are expected.

BARROWS.

Mrs. Susan Jane Barrows passed away at her home six miles south of the city Friday night. She was 66 years of age and was born in West Virginia. She had resided in Illinois since 1868 and was a lady of most estimable character and kind disposition. Her husband preceded her in death some years ago and she leaves to mourn her loss seven children.

The funeral will be held to day at the residence, with services in charge of Rev. Nathan English. Interment will be in Shepherd cemetery.

Loungan & Smith's Line of millinery includes many importations; also exquisite original designs in dress and Street hats.

GAS STOVES

Below Cost and on Most Favorable Terms.

The Jacksonville Gas Light & Coke Co. now offers to consumers accessible to its mains, GAS STOVES set up ready for use at \$10 each, payable as follows: \$1 cash when stove is ordered and the balance in monthly installments of \$1 each until all is paid—or will allow a discount of 10 per cent for cash, making the price of a stove \$9 if paid for when ordered. This places the stoves within the reach of all and as has been fully demonstrated, from the standpoint of comfort, cleanliness and economy, none can afford to be without one. Order early and be ready for warm weather when it comes.

FUNERALS.

LOCKMAN.

The funeral of John Lockman was conducted from the Church of Our Savior Saturday afternoon at 2 o'clock, the services being in charge of Father Formaz. Interment was made in Calvary cemetery.

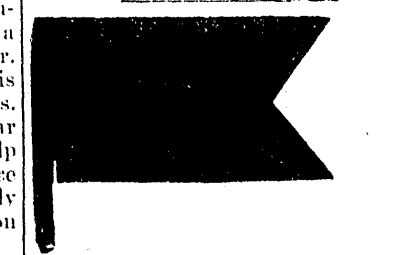

The bearers were: Michael Coleman, John Lynch, Lawrence Flynn, Charles Dowd, Cornelius Harrigan and Benjamin Hodapp.

Funeral services over the remains of the late Miss Emma L. Jones were conducted from the family residence on South Main street Saturday morning at 10 o'clock and were largely attended by relatives and friends of the deceased. The services were conducted by Dr. A. B. Morey, pastor of State Street church, of which Miss Jones was for years a faithful and consistent member. Suitable hymns were sung by a choir consisting of Miss Mary Tanner, Mrs. Robert Hockenbush, John L. Johnson and Melville E. Kennedy.

At the conclusion of the services the remains were conveyed to Diamond Grove cemetery for interment. The bearers were: Philip Read, William Lane, E. E. Crabtree, Wood Terry, Robert Buckthorpe and T. H. Buckthorpe.

There was a profusion of beautiful floral offerings, which were in charge of Mrs. Weir Elliott, Mrs. J. C. Goltz, Miss Martha Davenport and Mrs. F. M. Coard.
